

## GENERAL PURPOSE ZONE (GPZ)

### *Outsourced FTZ inventory management*

**Integrated SCM (ISCM)**, a supply chain management and logistics company, operates a General Purpose Zone (GPZ) in Belvidere, IL. The GPZ is an FTZ warehouse, which allows its customers to receive FTZ benefits without having to operate an independent FTZ site.

Indicators that your company should consider GPZ include:

- Your **imports are significant, but not sufficient to operate an independent FTZ site**
- You are considering operating an independent FTZ site, but want to **test economic impact**
- Your imports are significant, but **need to further invest in inventory management** before being able to operate an independent FTZ site
- You **need additional warehouse space, or require 3PL service provider services**

To learn more about Integrated SCM and the General Purpose Zone services, contact:
