

# ADVOCACY FOR ECONOMIC DEVELOPMENT

## *in Boone County, Illinois*

For more than 40 years, Growth Dimensions has developed a **progressive and cooperative environment** in Boone County, Illinois, improving the **quality of life** through expanded economic opportunity.

Growth Dimensions recognizes that **public policy plays a critical role** in shaping the conditions for both businesses and workers. We are committed to educating stakeholders on the potential impacts of policies at the local, state, and federal levels.

Through the Growth Dimensions Legislative Committee and Board of Directors, we **advocate for public policy** that supports and enhances deep and diverse economic development for Boone County.

## POLICY PRIORITIES

Creating a competitive, fair, and thriving regional economy that fosters new business growth and expansion and establishes Boone County as a preferred location for doing business

Attracting new and diverse types of industries to the region while strengthening established industry clusters and technologies in priority sectors

Ensuring Boone County is home to an educated, trained, and motivated workforce with living wage employment and opportunities to advance

Funding critical infrastructure to both rebuild established centers of commerce and expand the reach of key roadways, rail, and utility to drive continued growth

## HOW WE ADVOCATE

Growth Dimensions' Legislative Committee and Board of Directors monitor proposed legislation, analyze potential impacts, and establish formal policy decisions based on these assessments and stakeholder input.

We work with local, state and federal officials to advocate for our businesses, workers and residents, to ensure that policies have a positive economic impact.

We utilize the Growth Dimensions website, social media channels and other mediums to communicate and educate the public about issues related to economic development and vitality.
